

# AGMCP MEMORABILIA

BY:

GYENIAW Cindy Yaa (Ms)

# INTRODUCTION

- ❖ Name of Fellow: Cindy Yaa Gyeniaw (Ms)
- ❖ Previous Programme: BSc. Natural Resource Management at the Kwame Nkrumah University of Science and Technology, Ghana.
- ❖ Current Programme: Mphil. Environmental Science at Kwame Nkrumah University of Science and Technology, Kumasi, Ghana.
- ❖ Research Interest: Researches so far have all focused on climate change, environmental pollution, pharmaceuticals in hospital effluent.
- ❖ Aspiration: I aspire to be a climate change activist and an environmental scientist/researcher to help achieve SDG 13.

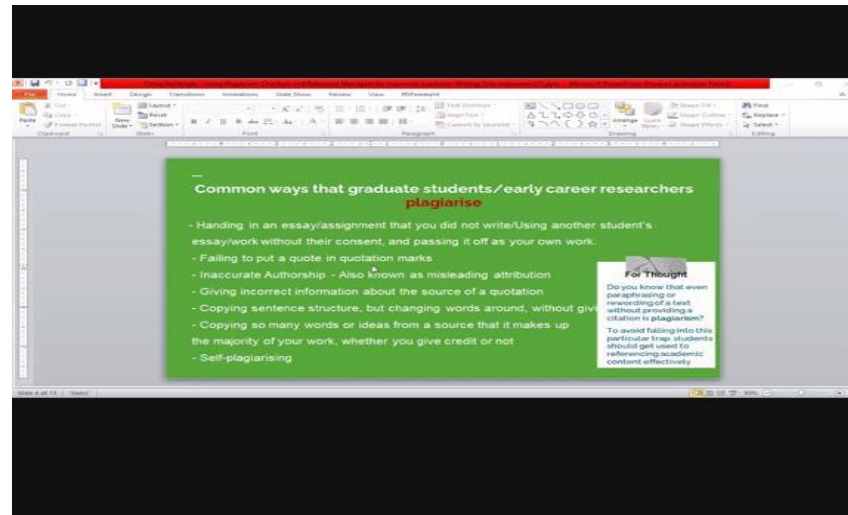

# EXPERIENCES AND OUTPUT OF FELLOWSHIP

- ❖ Joined as a fellow of the African Graduate Mentorship and Coaching Programme in December 2021.
- ❖ Professor Anthony Kola-Olusanya was assigned to me as my mentor.
- ❖ Professor Antony focuses on environmental sustainability.
- ❖ Usually interacts with him through E-mails.

❖ During the fellowship year, I gained a lot of knowledge in the monthly as well as some publications on the WhatsApp page. They included the following;

- ❑ How to write thesis
- ❑ How to publish a paper
- ❑ Marriage relationship and work-life balance

# ACCOMPLISHMENTS

- ❖ Partook in a research on the effect of COVID-19 in Agriculture and Food Security in Ghana.
- ❖ I also obtained a certificate for The Conversation Africa's Course 'Learn to write for the media-online'.

# CHALLENGES

- ❖ I was not always present for most seminars due to network issues and interferes with school schedules.

# CONCLUSION

- ❖ I achieved my aim for applying for AGMCP as I was able to connect with others.
- ❖ I am grateful to be a part of this wonderful fellowship (AGMCP Cohort 3)
