

African Graduate Mentorship and Coaching Programme (AGMCP) 2023

Memorabilia

Mentee

Mulunji Mtawali

(MSc Animal Science, LUANAR, Malawi)

Mentor

DR. DESALEGN AYAL

(University of Ethiopia)

OUTLINE

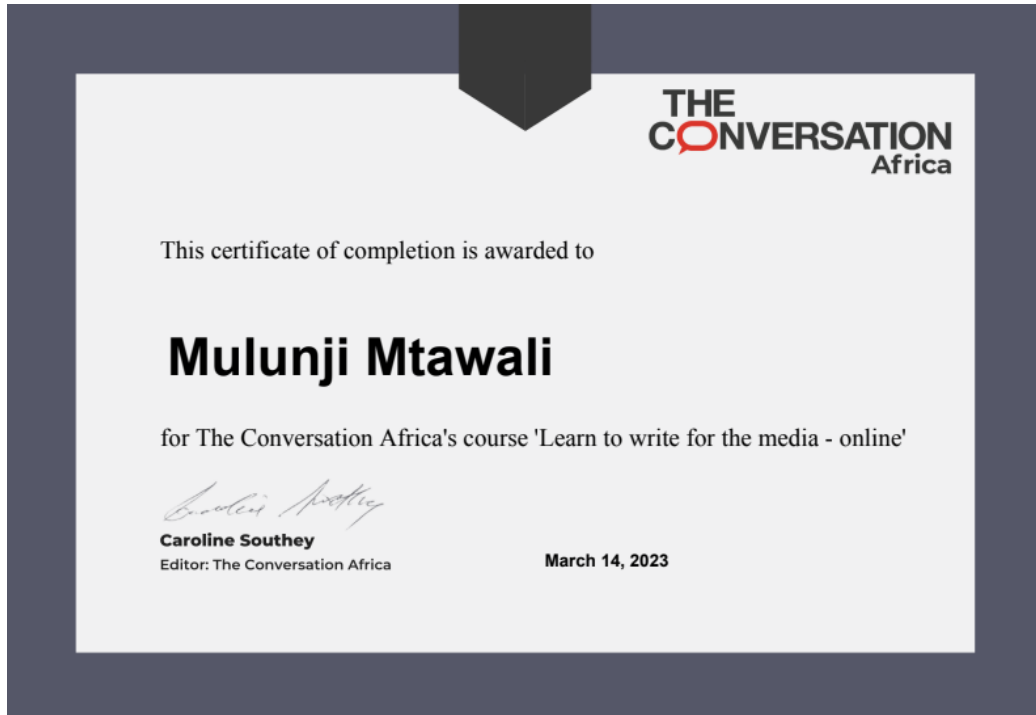

1. Introduction
2. Experiences and outcomes.
3. Recommendations & Conclusion
4. Acknowledgements
5. Contact details.

INTRODUCTION

- The Africa Graduate Mentorship and Coaching Programme (AGMCP) is a mentor-mentee network facilitated by the Interconnections for Making Africa Great Empowered and Sustainable (IMAGES) Initiative.
- It is designed for mentoring and coaching graduate-level students (Masters and PhD) between 20 and 30 years of age in Africa in the areas of research and professional development.
- This document summarizes the experiences with AGMCP Programme Cohort 4.

ACTIVITIES

1. Participation to the online course on “Learn to write for the media

Outcome

Conveying scientific and technical findings to a general non-technical audience

2. Training on FAO Shiny Resilience Index Measurement Analysis (RIMA)

Recipient details

Name Mulunji Mtawali

Issuer details

Issuer name Food and Agriculture Organization of the United Nations - Collaborative Learning

Contact elearning-enquiries@fao.org

Badge details

Name Shiny RIMA

Description Calculate the Resilience Capacity Index using Shiny RIMA

Course Shiny RIMA

Criteria Users are awarded this badge when they complete the following requirement:

- The following activity has to be completed:
 - "Quiz - Test - (pass grade 13/15)"

Badge expiry

Date issued Tuesday, 9 May 2023, 10:07 PM

Evidence This badge was issued for completing:

- The following activity has to be completed:
 - "Quiz - Test - (pass grade 13/15)"

Outcomes

1. Data formatting for RIMA
2. Setting variables for Household Resilience Assessment
3. Interpretation of Shiny RIMA output

3. Abstract submission and presenting at the 4th Circularity Africa Conference.

Session 4 (13:30 – 15:30 GMT + 1)

| S/n | Name | Title of presentation |
|-----|------------------------|---|
| 1 | Moses Mukui | Policies Of Genetically Modified Organisms In Africa |
| 2 | Simon Oyegbile | Local Drying Practice of Agricultural Produce and Implications for Sustainable Food System in Nigeria |
| 3 | Muluh Precious Anwateh | The effect of policy and governance on African food systems |
| 4 | Adebayo Salami | The Food- Poverty Nexus in the Ijebu Axis of Ogun State, Nigeria |
| 5 | Mulunji Mtawali | Technology Adoption Of Integrating Forage Legumes In Crop-Livestock Systems In Sub-Saharan Africa |
| 6 | Bosede | Profitability and resource use efficiency of cassava |

Outcomes

1. Gained confidence in research and presentation to an international audience
2. Established connections and broadened my network with fellow researchers and scholars from Sub Saharan Africa

4. ODK training and data analysis

Outcomes

1. Designing data collection forms with kobo kit
2. Data management
3. Setting different types of variables and conditions for specific purpose.

5. Fast Mapping Tool for AGRODEP members

Outcomes

Acquired essential skills to produce maps for study sites using FMT.

RECOMMENDATIONS

1. The program should source support for mentees to attend conferences in person.
2. Incentives for mentees to motivate and keep mentees engaged.

CONCLUSION

The program has equipped me with essential skills to advance my academic, professional and personal endeavours. It is a platform for broadening connections and building networks that can enhance expert collaboration.

ACKNOWLEDGEMENTS

1. Dr. Desalegn Ayal
2. Dr. Wale Olayide
